

MUZIC ESR Marcia Ivonne Pena Paz – in the middle- (Venetian Institute of Molecular Medicine, Italy) won the Award for best oral presentation at European Muscle Conference Meeting (1-5 September 2012, Rhodes, Greece, <http://www.symvoli.gr/conference/emc2012/page/main>). Title of her talk: The role of BMAL-1 gene in skeletal muscle

MUZIC ER Marie-Cecile Vidal-Pelissier (EMBL-Hamburg, Germany)
presenting “Structural and functional characterization of the
interactome of nebulin and nebulin SH3 domains” at European
Muscle Conference Meeting (1-5 September 2012, Rhodes, Greece)

MUZIC PI Dieter Fuerst (Univ. Bonn, Germany) Presenting “Fuerst “The sarcomeric Z-disk protein myopodin: localization, dynamics and interactions in living cells” at European Muscle Conference Meeting (1-5 September 2012, Rhodes, Greece)

MUZIC Coordinator Kristina Djinovic-Carugo (Univ. Vienna, Austria) presenting “Insights into the intramolecular regulation of ligand binding and Z-disk assembly from crystal structure of human muscle α -actinin” at European Muscle Conference Meeting (1-5 September 2012, Rhodes, Greece)
